1. The Program Provider is the organization that will issue the certificate for the successful completion of the program. They may deliver all the required courses or partner with another organization to deliver some of the courses.

2. The "Program Delivered by" is the organization responsible for the delivery of the listed course.

3. The accreditation period is the period for which the program is accredited. Learners must complete the course prior to the expiry date. However, the expiry date is changed as the program accreditation is renewed on an annual basis.
